

PROGRAM WRAP-UP

INSTRUCTIONS FOR CLOSING OUT YOUR SIXTH MEETING

Congratulations on completing all of the activities and discussions for the first six months of your Circle!

You have reached the end of this pilot program, but we hope you will continue to meet with your Circle, support each other, talk through challenges, and use the resources provided by Lean In.

Closing out this meeting will look slightly different from previous meetings:

1. Complete the Wrap-Up and Reflect and One Action (refer to the Moderator Guide for instructions.) (10 minutes)
2. As a group, reflect on your experiences over the past six months. Ask Circle members to share their biggest takeaway from this experience. (15 minutes)
3. Remind Circle members to take the feedback survey they received through email.
4. Discuss with your Circle when your next meeting will be and commit to continuing to support one another on an ongoing basis.
5. For future meeting ideas, please visit the Facebook group for this program.
6. Hand out a **Strategy Overview Card** to each Circle Member. Put this Overview card in your wallet or another easily accessible place as a reminder of the strategies that you can use on your jobsite or with your crew.
